- Worrells – VIC
- Yarra Honda – VIC

We're Lifesavers!!

Once again the AADA convention was an exceptional event enjoyed by more than 550 delegates from all across Australia, New Zealand and South Africa. A terrific line up of speakers, workshops and artists ensured a workshop packed 3 days was experienced in an enthusiastic, easy to learn environment.

Reynolds was proud to sponsor the trade luncheon on the final day of the convention, and is excited to be known as 'Lifesavers' in the Dealer Management System marketplace. The solutions and services we deliver to our customers every day to enable dealerships to increase their bottom line are developed with two primary goals – to create efficiencies and increase profit.

eutotraining.com.au was launched on the Reynolds stand at AADA this year. This terrific learning tool is available to all dealerships and provides training for the sales team along with management and personal training. Soon to be released into the Service, Parts and Finance areas, euatotraining.com.au is the all round training tool for every dealership.

Reynolds will continue to be the foundation sponsor of AADA. We recognise the importance of this event – the opportunity for dealership staff to network with others, to join together to learn in an environment away from the day-to-day pressures of the business and to take valuable information back to the business to implement new ideas and solutions. For more information about the AADA convention please email annettej@reynolds.com.au.
